Drawing inspiration from abstract, figurative sculpture and a background in textile design, the practice of Melbourne-based ceramicist Sarah Nedovic Gaunt is grounded in a love of natural materials and a passion for design, purpose and practicality. Her sculptural lamps, which are inspired by and a homage to significant women in history, and candle holders draw on the clay's original earthy tones, balanced perfectly by shape and form that celebrate the geology of the Australian continent. Each piece is handmade and sculpted, bringing a sense of dignity and respect to the environment and the material sourced.
